

Cedar Raised Garden Beds

Included in Pricing:

- Beds constructed with unfinished 2" x dimensional cedar lumber for strength, food crop safety and longevity (20+ years)
- ½" Hardwire mesh installed on bottom of beds to deter burrowing animals
- Delivery and installation

Customizations:

- Beds can be made in most any size to suit your needs and site – deeper beds are recommended to allow room for root growth and make gardening more comfortable
- Filling beds with organic garden mix soil
- Staining cedar
- Organic vegetable seedlings
- Animal protection – fencing or bed covers
- Season extension – cold frame or hoop house
